Message from the President

On a stormy night in February 1960, fourteen numismatists met in a small room at the North York Community Hall and the North York Coin Club was formed.

The first president and co-founder was Mr John K. Curtis, who with his advanced numismatic knowledge and experience guided the Club through its struggling period.

Now almost two years later our membership stands at close to 100, we have moved twice to larger accomodation, not one meeting has gone past without applications for membership.

In March of 1961 we held our first Banquet and Auction, with over 60 members and friends sitting down to dinner. The whole affair was voted a success financially as well as socially.

During this time we have had some very well known numismatists as speakers including Dr John S. Wilkinson President of the Canadian Numismatic Association..... Mr R.C. Willey, Assistant Editor of the C.N.A. Journal..... and Mr J. Charlton of Canada Coin Exchange to mention a few., and have been privileged to view some excellent displays.

Never to be forgotten was the jolly time we had at Mrs Consans summer cottage last July, and the Christmas party as recently as last month.

A big step in our short history is the striking of a medal to commemorate the founding of the Club. Now we look forward to a New Year and to quote the reverse legend of our medal "Progress with Economy" I feel confident that the club will live up to its motto and grow in strength.

However large we may become let us not loose the feeling of friendliness and good fellowship we now enjoy as a smaller group. It is my hope that in moving to a larger room for meetings it will encourage members to display items from their collections, (there are always cases available) and in conjunction give short talks on their favourite subjects. With everyone participating only then can the study of our hobby be enjoyed to the fullest.
