THOUGHTS ON--1967 dues

As usual, with our January Bulletin, comes the annual reminder and warning. The membership fee of \$2.50 is now due and this is the last copy of the bulletin which will be sent to members in arrears. Please see Mr. R. Strong, our treasurer, at the next meeting or promptly forward a cheque to Post Office Box 294, Willowdale, Ontario.

The more active members this club has, the better it is bound to be; and the better this club is, the more members it will attract. Why not bring a prospective member along to the next meeting? It's a sure-fire way to combat the effects of the "Numismatic Doldrum" that the hobby is currently going through.

THOUGHTS ON--eagle-eyed hunters

Here we are in Canada's Centennial Year--complete with our 1967 commemoratives. Have you seen many--or any--yet? Your editor heard about a person who was showing a 1967 silver dollar around on January 11; that seems like a fairly fast trip from coin press to pocket. For fun, see how long it takes for you to find all six denominations--if you are anything like me it will probably be next April before they come in pocket change!

Another interesting area for thought is "catch-phrases" that will be attached to the centennial coins. After the 1964 commemorative came out it was quickly labeled the "life-saver dollar". The names "Hare Nickel" and "Goose Dollar" seem almost inevitable. Also inevitable is the joke, "Our dollars really do have wings now!"

THOUGHTS ON--the Christmas Party LAST MEETING DEC 13/66: 81

Christmas has come and gone. We hope that at your home it was a happy one. Also come, but only partly gone is our own Christmas party. I say partly gone because part two will be completed at the next meeting with the showing of the movie taken at the party. Captured on film are all the details--from the investment of the new president, to the cleaning up in the kitchen, to the very successful donation auction.

We hope that our special guests enjoyed themselves--I won't name them for fear of leaving one out, but you'll see them on film--and we also wish to extend a thank-you to the kind members who assisted, be it back in the kitchen or out on the floor.

THOUGHTS ON--a programme committee NEXT MEETING JAN 24/67: 82

A very necessary point of business at the next meeting is appointments to a three member programming committee for setting up the agenda of meetings. Also important is some thought on the part of members on just exactly what they want to see at each meeting. Your executive isn't a team of mind readers--make your thoughts known.

Also coming up at the next meeting will be, in addition to some very important discussion, our usual numismatic speaker and our table auction. Why not bring along some desirable items that you can enter?
