MEMORIAL COMMUNITY HALL, 5090 YONGE STREET, WILLOWDALE, ONTARIO

NEXT MEETING: TUESDAY, MAY 26th. 1981.

GUEST SPEAKER: JAMES E. CHARLTON

SUBJECT: PAST, PRESENT AND FUTURE

IN NUMISMATICS.

C.N.A. Past President James E. Charlton, outstanding author and lecturer has just returned from Florida. He will have an interesting and timely message for us on Tuesday May 26th. Bring a friend.

Last Meeting: Harvey Farrow opened the meeting with a welcome to all the members and guests.

The On Time Attendance Draw was won by Basil Latham, netting him \$8.00. The prize will be \$2.00 this month.

Harvey Farrow, George Fraser and the new President of the O.N.A. Mr. F.C. Jewett gave brief reports on the O.N.A. Convention held at the Skylon Tower in Niagara Falls.

Alan Cornish gave a wrap-up report of Coin Week Canada. He gave special thanks to John Regiko, Paul Johnson, Harvey Farrow, Fred Jewett, Walter Ciona, Glen Williams, Albert Kasman, Dave Addison, Ken Ryan, Mrs. Beatty, Mrs. Graham, Mr. & Mrs. Bunnnett, Frank Dennis, Ken Kitay, Mrs. Weise, Alan Cornish, Ted Merner, Basil Latham, Mr. Turner, Mr. Postil and to any he may have inadvertently missed.

Mrs. Graham was called upon to introduce the Guest Speaker Dr. H. Fenigstein. Dr. Fenigstein related some of his early experiences in coin collecting and how he learned the history, geography and customs of many countries from the circulating coins of those countries.

Dr. Fenigstein illustrated his talk with a few slides and exhibited a sampling of paper money issued to inmates of the concentration camps and ghetto's during W.W.2. As this paper money had no value outside the camp, it gave the audience a vivid picture of some of the restrictions placed on the inmates of the ghetto's and camps.

Dr. Fenigstein deplored the practice of many of the mints of today that are producing commemorative coins in B.U. and proof finishes at premium prices for collectors only. This makes them too expensive for the young collector and turns them away from the hobby. It also leads to collecting for investment rather than knowledge of numismatics. A collector must beware of allowing the possession of glittering coins to become an obsession with him to the point of where it stops him from enjoying life and sharing and learning from others.

Dr. Fenigstein says he now collects books on coins, rather than the coins themselves.
